

Time  
for Alice

She was hanging on the sheet  
When crew musician killed to death  
Church was burning  
In her chains  
When hell riders  
Broke the law  
Past when father was on Earth  
Flood in city  
when she prayed  
Graves of numbers  
Blowing towers afther J.  
Panic mustard like a three  
Politicians don't know why  
Zero zero concert jam  
Lady hero did'nt came  
White monk knifed  
Clelia sleeps  
Closer closer to my lips.
